

# MuscleGrid 17S 40A Smart BMS for Li-ion/NMC Battery (61V)

Smart BMS · 17 cells · 40A · Li-ion/NMC · Bluetooth

|                    |                                                  |
|--------------------|--------------------------------------------------|
| Type               | Smart BMS (battery management system)            |
| Supported cells    | 17S Li-ion/NMC (61V nominal)                     |
| Continuous current | 40A                                              |
| Chemistry          | Li-ion/NMC                                       |
| Monitoring         | Bluetooth app — cell voltage, current, temp, SOC |
| Balancing          | Passive cell balancing                           |
| Protection         | OCP / OVP / UVP / SCP / OTP                      |
| In the box         | BMS unit + balance-lead harness                  |

**Important:** This is a lithium battery **component** sourced and quality-checked by MuscleGrid and labelled under the MuscleGrid brand — it is **not manufactured by MuscleGrid** and is **not BIS-certified**. It is intended for DIY / integration use by people who know how to build and wire lithium packs. It is **not a charger**. Cover is **DOA-only** (report a dead-on-arrival unit within 48 hours) unless a warranty option is purchased. Shipping is charged at actuals.
