

MuscleGrid 4S 30A LiFePO4 BMS with Balancer (12V)

BMS + balancer · 4 cells · 30A · 12V LiFePO4

Type	BMS board with built-in balancer
Supported cells	4S LiFePO4 (12V nominal)
Continuous current	30A
Chemistry	LiFePO4 (LFP)
Balancing	Built-in passive balancer
Protection	OCP / OVP / UVP / SCP
In the box	BMS board + leads

Important: This is a lithium battery **component** sourced and quality-checked by MuscleGrid and labelled under the MuscleGrid brand — it is **not manufactured by MuscleGrid** and is **not BIS-certified**. It is intended for DIY / integration use by people who know how to build and wire lithium packs. It is **not a charger**. Cover is **DOA-only** (report a dead-on-arrival unit within 48 hours) unless a warranty option is purchased. Shipping is charged at actuals. Full terms: musclegrid.in/policies/accessories/
